

Georgia Special Artists

The Georgia Special Artists division is an option for students with special needs; this includes students with developmental and physical challenges that are unable to compete fairly in their appropriate age group in the traditional Reflections program. This past year we received fifty entries, which produced ten state level winners.

To be eligible a student must be receiving special education services in any type of setting (self-contained, resource or inclusion).

For **Literature** and **Musical Composition** entries; students with physical challenges may dictate to another person who may write the notation. Otherwise the general rules and instructions apply to all.

The entry form **must** be signed by the special education teacher, the student, as well as the parent regardless of the student's age.

Entries in this division are judged and awarded separately at the state level.

For those local units that want to include these entries, I suggest you give entry forms and instructions directly to the special education teachers at your school.
